Set on the 65th floor, this Dara Huang-designed penthouse features organic shapes and panoramic skyline views

COMPILED BY MAIREAD WALSH

### PENTHOUSE SOUTH QUAY PLAZA LONDON, UK Dh13.7 million

This three-bedroom penthouse is located on the 65th floor of Canary Wharf's South Quay Plaza, which soars to an imposing 68 storeys high. Internationally-acclaimed interior designer Dara Huang has worked with Berkeley Homes to create a chic design that features the use of organic shapes and curved

furniture, juxtaposed against the straight lines of the architecture. Standout pieces include a specialty drinks wall unit in the living room, bespoke glass bubble lights in the dining space and an antique rug in the bedroom. Residents have access to impressive amenities including a spa and sauna, a cinema room, a double-height 20-metre swimming pool and a club lounge, which features a spacious outdoor dining section and bar with panoramic views across London's skyline.

### CHIC CANARY WHARF

Residents of this London neighbourhood have no shortage of entertainment and amenities:

- Canary Wharf is a bustling commercial district filled with impressive skyscrapers, where casual cafés bustle during the day and, come evening, post-work crowds gather in stylish bars and pubs.
- Popular gathering spots include Jubilee Park and Canada Square Park, which hosts summer concerts and a winter ice-skating rink.
- There are several interesting historical sites in the area including: The Museum of London Docklands, which draws families with model ships and hands-on displays; The Tower of London, a medieval castle housing the Crown Jewels; The Tower Bridge,

an iconic Victorian turreted bridge and St Paul's Cathedral.

■ The River Thames is the lifeblood of the area. Hop on and off the ferry service called the Thames Clippers to tour the shops and restaurants along the waterway or sit back and enjoy the view.
